

HOW WE STARTED

NMCV started out as a group of community citizens that realized there was a great need for our unique North Mason to have a strong united presence to represent our specific needs. The group started out being known as the "Belfair Area Round Table", but the citizens soon took note there needed to be an organized effort to share information, collaborate, and conduct business. So the North Mason Community Voice was born.

The public and new members
always welcome!
